

St. Peter ELCA 2021 Mission Goals

“Welcoming, Connecting, Growing Faith 2021”

1. Enrich and expand our education and outreach ministry for children, youth, and adults. Call an additional ministry leader.

Expanded leadership will allow us to:

- Grow deeper in faith through small groups and outdoor programming
- Follow Jesus in serving others through engaging in mission trips and local service.
- Provide opportunities for lay leadership to discover life-giving ways of serving that align with their gifts and passions.
- Build infrastructure for training, encouraging, and recognizing volunteers.
- Reinvigorate all levels of educational opportunities for youth and adults.

2. Enhance and expand the use of technology to strengthen connections within our St. Peter church family and the community at large.

- Enhancing worship experience through improved videography, pre-recording, and use of social media.
- Expanding and updating our website to make it easier to navigate and more compressive.
- Offer online opportunities for youth and adults to gather remotely for spiritual growth and faith formation.
- Assist members wishing to increase their knowledge and use of technology for worship and faith formation.

3. Revisit our 2018 Building Remodeling Plan to explore short term solutions to building issues.

- Re-engage our project architect to help us find solutions to better reach ministry goals through creative use and/or reuse of our existing facilities.
- Assess options for improving safety within the context of our global pandemic.
